PAGES. REMARKS. TO CTA SOURCE 25X1X 25X1A 25X1A the Jessau (H 52/2 06) ai field was occupied by 7 conventional fighters, 20 jet fighters standing at the parking site and four jet planes at the take-off point. In the preceding week flying was intensive only on 25 August 1950. 2. Between 30 August and 3 September 1950 two biplanes and 18 jet fighters with swept-back wings were seen at the field. Four of the jet fighters were always at the side of the cantonment building on the southern edge of the field. There was no flying. Several motor vehicles, including tank trucks operated on the field. 25X1B Comment. The aircraft strength at the airfield has not changed. 25X1A *. About 20 type 14 jet planes and one or two 25X1A PO-2s are always seen at the field. The number of conventional fighters has continually decreased. It is believed that most aircraft of this type were transferred. One fighter regiment is believed to be still stationed in Dessau. The four jet planes near the cantonment building on the southern edge of the field are probably the alerted tactical formation.
